A GAME TO PRINT AND PLAY

The Paper Lighthouse Signal

The harbour lighthouse has lost its signal. A small team must inspect paper evidence and help its keeper restore the light.

YOUR MISSION

Restore the lighthouse signal and guide a paper boat safely home.

PLAY AS A TEAM

Reader, Maker, Checker and Reporter rotate after each checkpoint.

FIVE PAPER CHECKPOINTS

1. **Find the silent lamp - Evidence cards**
2. **Put the repair in order - Order tiles**
3. **Decode the beam word - Symbol key**
4. **Trace a safe route - Route board**
5. **Complete the signal record - Decision record**

Print single-sided. Use pencils. An adult holds the guide and releases one checkpoint at a time. Cards and tiles may be cut by an adult, or used whole by pointing and writing.

CHECKPOINT 1 OF 5

Find the silent lamp

YOUR TASK

Inspect the paper cards and find the part that cannot send light.

WORK TOGETHER

Read the printed pieces, compare ideas, then agree on one recorded result.

READ THE CLUE AND USE THE NEXT MATERIAL SHEET

The missing signal comes from a part with power but no light. Compare the inspection cards before choosing.

A. Dock lantern

B. Beacon lamp

C. Harbour bell

OUR CHOICE AND EVIDENCE:

EVIDENCE CARDS / CHECKPOINT 1

Four inspection cards

Compare the four inspection cards. Point to the item that needs repair.

ADULT-CUT OPTION: CUT THE OUTER BOXES, OR KEEP THIS PAGE WHOLE.

PRINTED PIECES

Dock lantern

The dock lantern glows steadily.

Clock face

The clock ticks and its hands move.

Beacon lamp

The beacon has power, but its lamp is dark.

Harbour bell

The harbour bell sounds normally.

RECORD YOUR RESULT

Write your checkpoint 1 result and one reason below.

CHECKPOINT 2 OF 5

Put the repair in order

YOUR TASK

Arrange the repair tiles and explain the rule behind your order.

WORK TOGETHER

Read the printed pieces, compare ideas, then agree on one recorded result.

READ THE CLUE AND USE THE NEXT MATERIAL SHEET

First check the switch. Fit the lamp before aligning the lens. Test the beam last. Which sequence follows every rule?

A. Check, fit, align, test

B. Fit, check, test, align

C. Check, align, fit, test

OUR CHOICE AND EVIDENCE:

ORDER TILES / CHECKPOINT 2

Repair order tiles

Arrange the four printed repair steps from first to last, or number them on the whole sheet.

ADULT-CUT OPTION: CUT THE OUTER BOXES, OR KEEP THIS PAGE WHOLE.

PRINTED PIECES

Check the switch

The switch must be checked before any part is moved.

Fit the new lamp

This happens after the switch check.

Align the lens

Do this only after the lamp is fitted.

Test the beam

This is the final step.

RECORD YOUR RESULT

Write your checkpoint 2 result and one reason below.

CHECKPOINT 3 OF 5

Decode the beam word

YOUR TASK

Use the symbol key to decode the test word.

WORK TOGETHER

Read the printed pieces, compare ideas, then agree on one recorded result.

READ THE CLUE AND USE THE NEXT MATERIAL SHEET

The test strip reads 1-2-3-4. Read each number through the printed key, in order. Which word appears?

A. BEAM

B. BAEM

C. MEAB

OUR CHOICE AND EVIDENCE:

SYMBOL KEY / CHECKPOINT 3

Beam symbol key

Use the printed key to replace each number in the signal 1-2-3-4 with a letter.

PRINTED PIECES

1

B

2

E

3

A

4

M

RECORD YOUR RESULT

Write your checkpoint 3 result and one reason below.

CHECKPOINT 4 OF 5

Trace a safe route

YOUR TASK

Trace the route that uses a bridge and avoids sharp rocks.

WORK TOGETHER

Read the printed pieces, compare ideas, then agree on one recorded result.

READ THE CLUE AND USE THE NEXT MATERIAL SHEET

The crew needs a bridge crossing without sharp rocks. Use the three printed route rows, then choose a path.

A. NORTH

B. CENTRE

C. SOUTH

OUR CHOICE AND EVIDENCE:

ROUTE BOARD / CHECKPOINT 4

Three harbour routes

Trace each route row from START to END and check its printed features.

PRINTED PIECES

START **NORTH** END

Bridge crossing; no rocks; reaches the fishing dock.

START **CENTRE** END

No bridge; no rocks; reaches the fishing dock.

START **SOUTH** END

Bridge crossing; sharp rocks; reaches the fishing dock.

RECORD YOUR RESULT

Write your checkpoint 4 result and one reason below.

CHECKPOINT 5 OF 5

Complete the signal record

YOUR TASK

Use the record to choose a final message for the harbour keeper.

WORK TOGETHER

Read the printed pieces, compare ideas, then agree on one recorded result.

READ THE CLUE AND USE THE NEXT MATERIAL SHEET

The keeper needs one message containing the repaired part, repair order, test word and safe route. Use all four lines on the record.

A. Fix the beacon lamp, check-fit-align-test, BEAM, NORTH

B. Fix the dock lantern, fit-check-test-align, BEAM, SOUTH

C. Fix the bell, check-align-fit-test, BAEM, CENTRE

OUR CHOICE AND EVIDENCE:

DECISION RECORD / CHECKPOINT 5

Final signal checklist

Check each printed fact against your four previous results, then record the final action.

PRINTED PIECES

- [ ] **Lamp**
  The dark beacon lamp needs the repair.

- [ ] **Order**
  Check, fit, align and test.

- [ ] **Word**
  The decoded test word is BEAM.

- [ ] **Route**
  NORTH crosses a bridge without rocks.

RECORD YOUR RESULT

Write your checkpoint 5 result and one reason below.

THE ADVENTURE CONCLUDES

The ending

The beacon lamp shines again. The crew follows the north route and guides the paper boat into the safe harbour.

WHAT DID YOUR TEAM DISCOVER?

1. _____

2. _____

3. _____

4. _____

5. _____
